

-> Test Scenarios: DevLabs Technology

1. Navigation

Scenario 1: User navigates to Services

Given the user is on DevLabs Technology homepage
When the user clicks on Services
Then the user is redirected to the Services page
And the page URL contains "services"
And the Services page heading is visible

Scenario 2: User navigates to About Us

Given the user is on DevLabs Technology homepage
When the user clicks on About Us
Then the user is redirected to the About Us page
And the page URL contains "about-us"
And the About Us page heading is visible

Scenario 3: User navigates to Hire a Developer

Given the user is on DevLabs Technology homepage
When the user clicks on Hire a Developer
Then the user is redirected to the Hire a Developer page
And the page URL contains "hire-a-developer"
And the Hire Dedicated Software Developers page heading is visible

2. Services

Scenario 4: User navigates to Cloud Solutions services

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Cloud Solutions
Then the user is redirected to the Cloud Solutions page
And the page URL contains "service/cloud-solutions"
And the Cloud Solutions page heading is visible

Scenario 5: User navigates to Software Development

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Software Development
Then the Software Development page should be displayed
And the page URL contains "software-development"
And the Software Development heading is visible

Scenario 6: User navigates to Website Development

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Website Development
Then the Website Development page should be displayed
And the page URL contains "website-development"
And the Website Development heading is visible

Scenario 7: User navigates to Mobile Applications

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Mobile Applications
Then the Mobile Applications page should be displayed
And the page URL contains "mobile-applications"
And the Mobile Applications heading is visible

Scenario 8: User navigates to UI/UX Designing

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on UI/UX Designing
Then the UI/UX Designing Services page should be displayed
And the page URL contains "ui-ux-designing"
And the UI/UX Design Services heading is visible

Scenario 9: User navigates to Product Development

Given the user is on DevLabs Technology homepage
And the user hovers on Services

When the user clicks on Product Development
Then the Product Development page should be displayed
And the page URL contains "product-development"
And the Product Development heading is visible

Scenario 10: User navigates to Business Consulting

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Business Consulting
Then the Business Consulting page should be displayed
And the page URL contains "business-consulting"
And the Business Consulting heading is visible

Scenario 11: User navigates to Salesforce Service

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Salesforce Service
Then the Salesforce Services page should be displayed
And the page URL contains "salesforce-services"
And the Salesforce Service and Solutions heading is visible

Scenario 12: User navigates to Digital Transformation

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Digital Transformation
Then the Digital Transformation page should be displayed
And the page URL contains "digital-transformation"
And the Digital Transformation heading is visible

Scenario 13: User navigates to Data Science

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Data Science
Then the Data Science page should be displayed
And the page URL contains "data-science"
And the Data Science heading is visible

Scenario 14: User navigates to Data Engineering

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on Data Engineering
Then the Data Engineering page should be displayed
And the page URL contains "data-engineering"
And the Data Engineering heading is visible

Scenario 15: User navigates to IT Staff Augmentation

Given the user is on DevLabs Technology homepage
And the user hovers on Services
When the user clicks on IT Staff Augmentation
Then the Staff Augmentation page should be displayed
And the page URL contains "staff-augmentation"
And the Staff Augmentation heading is visible

3. Contact Flow

Scenario 16: User contacts experts from Service page

Given the user is on the Cloud Solutions page
When the user clicks on Talk To Our Experts
Then the user is redirected to the Contact page
And the page URL contains "contact"
And the Let's Connect form is visible

Scenario 17: User submits Contact form successfully

Given the user is on Contact page
When the user enters valid details
And clicks Submit Now
Then the user sees a success message "Thank you for your message. It has been sent."

Scenario 18: User submits Contact form with invalid email

Given the user is on Contact page
When the user enters an invalid email address
And clicks Submit Now
Then an error message displayed "Please enter an email address"

Scenario 19: User submit Contact form with blank Address

Given the user is on Contact page
When the user enters Valid Name
And the user leave the Address field blank
And the user clicks on Submit Button
Then the user should see an error message "One or more fields have an error.Please check and try again."

4. About Us

Scenario 20: User views About Us information

Given the user is on About Us page
Then About Our Company section is visible
And Our Values section is visible
And Our Team section is visible
And Contact Us section is visible

Scenario 21: User navigates to Services through Discover More

Given the user is on About Us page
When the user clicks on Discover More
Then the Services page should be displayed
And the page URL contains "services"

5. Hire a Developer

Scenario 22: User views technology categories

Given the user is on Hire a Developer page

When the user clicks on Explore More

Then the Front-End Technologies section is visible

And the Back-End Technologies section is visible

And the Mobile Technologies section is visible

And the CRM Technologies section is visible

And the Cloud Computing Technologies section is visible

And the Quality Engineering Technologies section is visible

Scenario 23: User navigates to Staff Augmentation

Given the user is on DevLabs Technology homepage

And the user clicks on Hire a Developer

And the user scrolls down to Staff Augmentation page

When the user clicks on Staff Augmentation heading

Then the Staff Augmentation page should be displayed

And the page URL contains "service/staff-augmentation"

And the Staff Augmentation page heading is visible

Scenario 24: User navigates to End to End Software Development

Given the user is on DevLabs Technology homepage

And the user clicks on Hire a Developer

And the user scrolls down to End to End Software Development page

When the user clicks on End to End Software Development heading

Then the End to End Software Development page should be displayed

And the page URL contains "service/software-development"

And the Software Development page heading is visible

6. Homepage

Scenario 25: User views Why Choose Us section

Given the user is on DevLabs Technology homepage

When the user scrolls down to the Why Choose Us section

Then the Why Choose Us section should be displayed

And the Our Mission button should be visible

And the Our Vision button should be visible

And the Our Value button should be visible

Scenario 26: User views Mission content

Given the user is on the Why Choose Us section

When the user clicks on Our Mission

Then the Mission content should be displayed

Scenario 27: User views Vision content

Given the user is on the Why Choose Us section

When the user clicks on Our Vision

Then the Vision content should be displayed

Scenario 28: User views Value content

Given the user is on the Why Choose Us section

When the user clicks on Our Value

Then the Value content should be displayed

Scenario 29: User navigates to Payment Gateway Upgrade project

Given the user is on DevLabs Technology homepage

When the user scrolls down to Recently Completed Work section

And the user clicks on Payment Gateway Upgrade

Then the Payment Gateway Upgrade page should be displayed

And the page URL contains “portfolio/payment-gateway-upgrade”

Scenario 30: User navigates to Modernization of Legacy Application project

Given the user is on DevLabs Technology homepage

When the user scrolls down to Recently Completed Work section

And the user clicks on Modernization of Legacy Application

Then the Modernization of Legacy Application page should be displayed

And the page URL contains “portfolio/modernization-of-legacy-application”

Scenario 31: User reads a blog article

Given the user is on DevLabs Technology homepage

When the user scrolls down to From The Blog section

And the user clicks on Read More

Then the Blog page should be displayed

And the blog article content should be visible

Observation:

Contact form accepts invalid Address input without validation message.

Observation:

Contact form allows submission without proper Message validation.
